

GENDER INJUSTICE

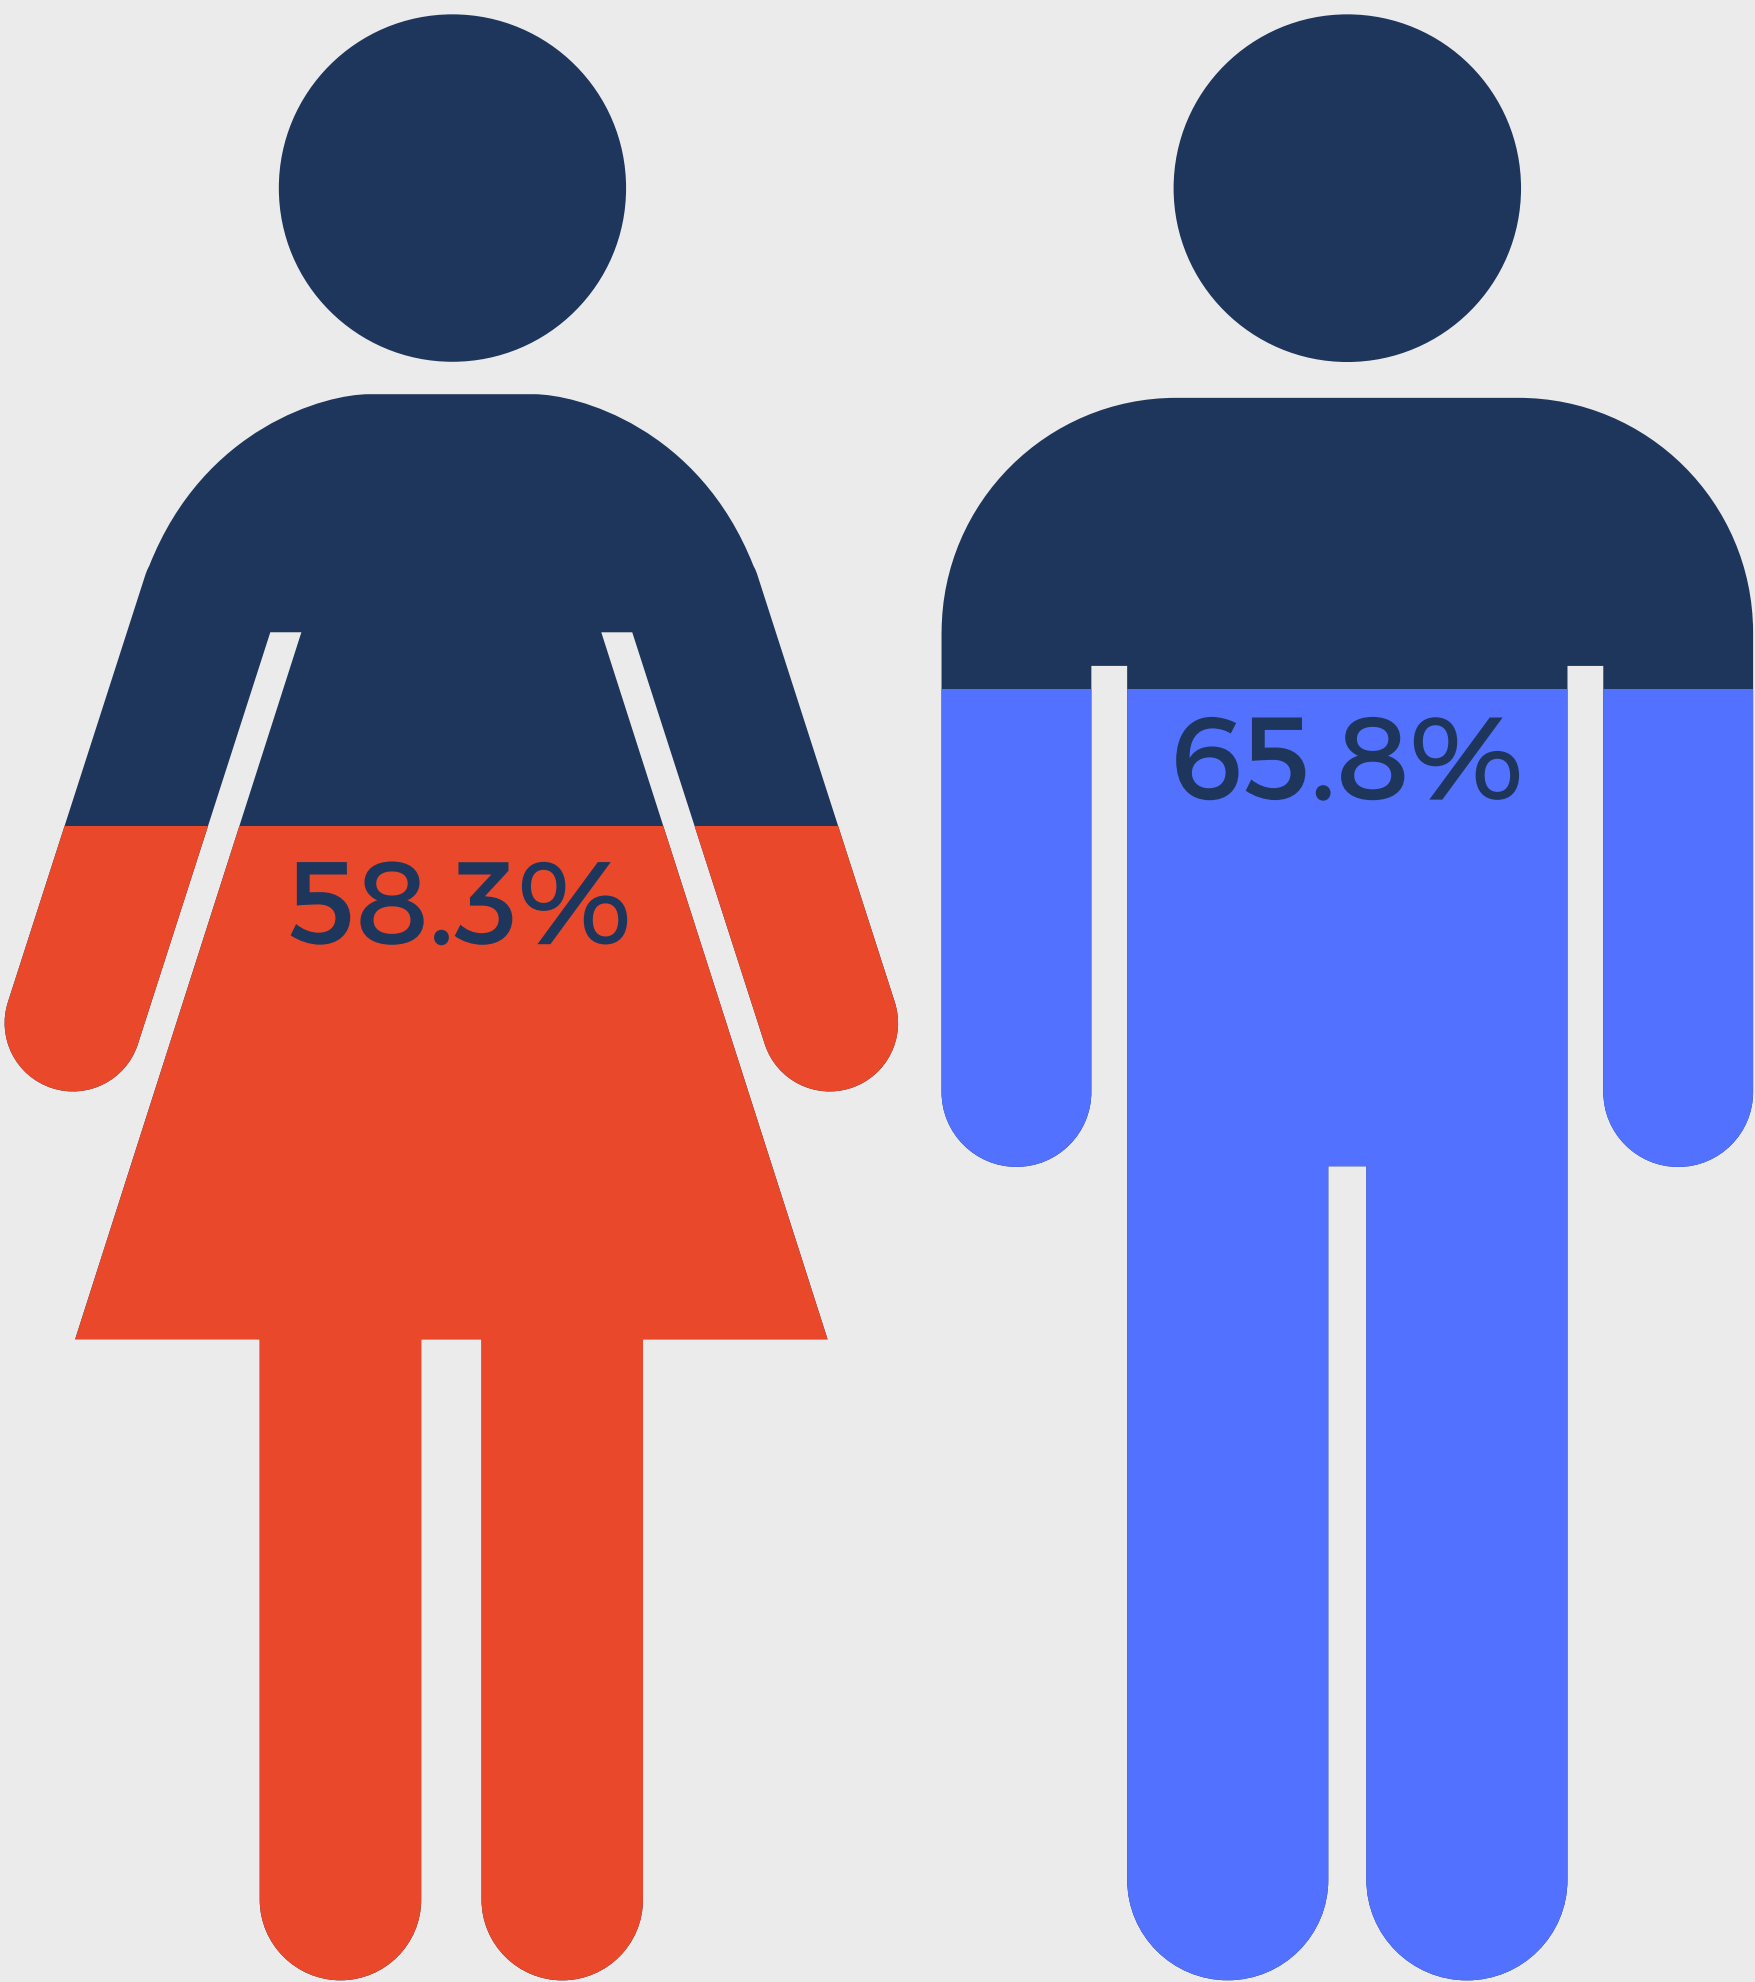

LET'S CLOSE THE GAP TOGETHER

The wage gap and traditional female household stereotypes leads to **only 29%** of men taking paternity leave,

versus **64%** of women taking maternity leave.

Because of maternity leave, women have less chances for promotion and **only make up 26%** of senior management positions.

Employment Rate in Canada, October 2019

13% of transgender people report being fired for being trans

32% suspected they were turned down from a job for being trans

17% turned down job offers because of the lack of trans-positive and safe work environments

Women's earnings for every **\$1** earned by men in New Brunswick
